### PACBRAKE OFFERS SPECIAL REBATE FOR FMCA SHOW ATTENDEES More Incentive Than Ever For RV Owners to Upgrade to a PRXB Exhaust Brake

BLAINE, WA – For the 18<sup>th</sup> year in a row, Pacbrake is bringing their impressive line of exhaust brakes to the Family Motor Coach Association Convention, Perry Georgia, from March 16<sup>th</sup> to 19<sup>th</sup>. Best of all, they're not coming empty handed – they have a special promotion running just for the FMCA Show attendees.

Every attendee who purchases a PRXB exhaust brake upgrade kit will receive a \$70 rebate. All installations can be completed at the show, so customers can drive in, leave their RV to enjoy the convention, and drive out with a safer ride.

Pacbrake's PRXB Exhaust Brake has revolutionized modern day braking. Since 1990 Pacbrake has been the first choice for supplementary braking systems among all RV manufacturers. Fitting almost any make and model motor home, the PRXB provides the strongest braking horsepower, greatest speed reductions, and shortest stopping distances possible without the use of service brakes. All the benefits of a PRXB are available as a simple upgrade to most RV's current set-up.

Customers who want more information about this offer or to pre-book their upgrade installation can call 800.663.0096. For those who want to learn more about Pacbrake's PRXB, can also visit [www.pacbrake.com](http://www.pacbrake.com). Visit Pacbrake in person at the FMCA Convention at booths 1313 and 1315.
